

## Owner-Builder Organizer

Be your own general contractor. A solid foundation for organization. Owner-Builder Organizer is designed to help those acting as their own general contractor with the many steps and details involved with the planning and construction of a new home, including:

- \*Developing a budget
- \*Choosing/creating, customizing, and reading Plans
- \*Identifying, evaluating, and working with suppliers
- \*Finding, evaluating, hiring, and managing subcontractors
- \*Creating a construction schedule
- \*Understanding pre-building requirements
- \*Organizing paperwork related to financing, plans, materials, subs/suppliers, schedules, and legal documents

The organizer also includes many checklists, schedules, and contact sheets to help owner-builders enter important information and stay on track. And with a fully concealed Wiro binding, a wipe-clean paper-over-board cover, and pocket folders on the inside front and back covers, Owner-Builder Organizer is as handy as it is durable, allowing readers to carry it with them wherever they go and make use of it once they're there.
