

Gaias Sword - A Dragons Revenge

They had abducted his Father! They had murdered his Mother! They had torn his family apart! They were the Annunaki - Terrible beings from the distant planet Nibru, seemingly bent on stealing the Mother Earths natural resources, desperate for Gold! But Snowthorn was going to stop them, helped on his virtuous quest for revenge by his brother and sister. He was trained by the Old Blind Oracle and magically empowered by the Earth Goddess Gaia, becoming her champion, her Sword. Omens are sought and found, and Ancient Prophecies are fulfilled. The boundary of death would be crossed and conquered. Gaias Sword is a dramatic retelling of the creation mythology on a grand scale. As seen from the point of view of a Snow Dragon Snowthorn. Based around the ancient Mesopotamian Legends of the Annunaki.
