

## Peops: Portraits and Stories of People

Peops is a collection of portraits and stories about people Fly met while she was touring the world with the popular underground band God Is My Co-Pilot. The sketches and conversations, mostly culled from spare moments between sound checks, performing and loading equipment, reflect the surprisingly deep and beautiful way that strangers sometimes communicate with one another. The idea behind the book, says Fly, is that everyone has an incredible story to tell and that everyone deserves to be listened to.
