

Heart and Soul Internet Job Search

Using the internet in your job search gives you the power to quickly and efficiently find out what's possible, what's available, and what employers are looking for. It will also get you hooked up with the right job, but only if you know who you are, what you want, and what you want to do. Focusing on your unique aspirations and needs, *Heart & Soul Internet Job Search*, the second book in the *Heart & Soul* series, shows you how to create a powerful electronic resume, research employers, network, conduct online interviews, and market your talent and enthusiasm.
